Warning & Caution

- Use the product in a dry and well-ventilated environment, avoid rain and moisture.
- Ensure the firm connection between the product and camera, as well as external power supply.
- Do not attempt to disassemble the product to prevent internal circuit damage.
- Use the product at normal temperature, avoid extreme high and low temperature environment.
- Check the product appearance before use, do not use the damaged one.

Product Brief

This product is a USB-C port equipped dummy battery for SONY NP-FZ100 series, which powers SONY digital cameras via external USB-C power sources. It realizes continuous power supply for cameras, perfectly solving the problem of short battery life and meeting the needs of long-time shooting and livestreaming.

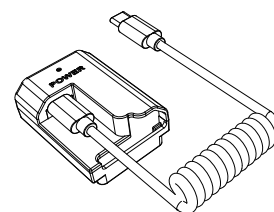

Fig.1 DB-FZ100

Features

- USB-C PD Power Input, compatible with multiple USB-C power supply devices
- Stable output of 8.4V/3A, matching the power demand of SONY cameras
- Wide compatibility, fit for a variety of SONY camera models
- Ensure uninterrupted power supply for livestreaming and video shooting, with better heat dissipation and higher safety
- Free cameras from the limitation of small battery capacity

Specification

Model	DB-FZ100
USB-C Input	9V/12V/15V/20V 2.25A 45W
Battery Pins Output	8.4V, 3A
Compatible Battery	SONY NP-FZ100
